AFFF FIRE FIGHTING

In 2003, the Hellan Strainer Company purchased the military hose reel product line from Aero-Motive Company. This includes hose reels and accessories for aircraft refueling/defueling and AFFF reels for fire fighting.

Hellan Strainer Company has gained an excellent reputation with the US Navy and Coast Guard in providing quality products.

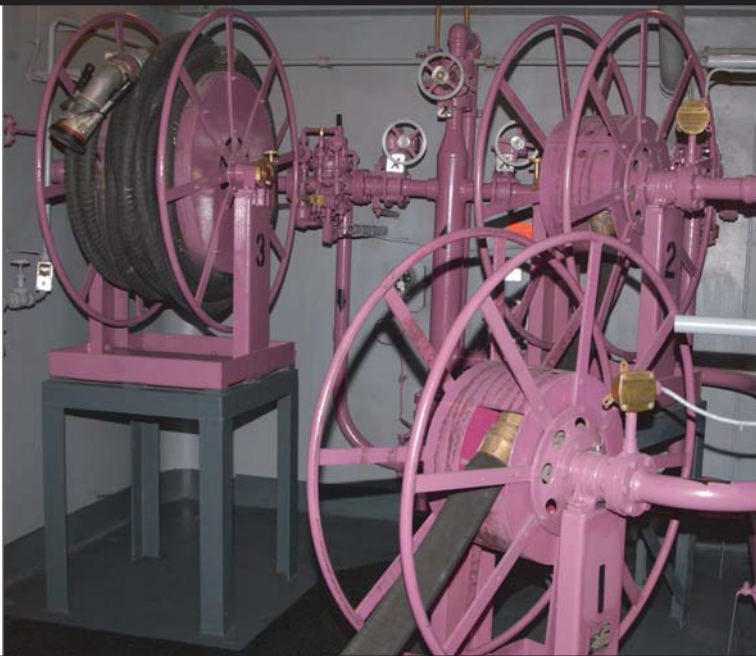

Hellan's unique self-cleaning design has made it the "strainer of choice" in seawater & fuel filtration for marine service (commercial & military) in the free world.

Customers can expect the same quality in Hellan's hose reel products as they have had with strainers. Hose reels as well as strainers can be designed, tested and approved to meet all shipboard requirements.

AFFF HOSE REEL

MODEL NL20M SERIES • MIL-R-24414

PLEASE CONTACT US WITH YOUR UNIQUE HOSE REEL APPLICATIONS AND FOR THE LATEST INFORMATION ON OUR PRODUCTS. THE HELLAN STRAINER COMPANY IS CONSTANTLY IMPROVING THE HOSE REEL PRODUCT LINE THROUGH DESIGN UPGRADES, WHICH RESULT IN REDUCED MAINTENANCE AND LONGER LIFE CYCLES.

FUELING HOSE REEL
